We offer:

A) Training for borough staff – equipping those who work with employers or 50+ jobseekers with the knowledge and tools to promote age-friendly employment practices.

B) Support for businesses – helping employers across your borough become more age-diverse and inclusive, improving retention, productivity, and compliance with UK equality legislation.

Our tailored services include:

- Training sessions for staff and employers
- Age audits and policy recommendations
- Practical strategies to recruit and retain older workers
- Mentoring and action planning for key personnel

We would welcome the opportunity to discuss how we can work together to promote age diversity in your borough. Please let us know a convenient time for a conversation.
